WINDWALKER FARMS

SPORTING CLAYS

Presented by:

“ Since bringing Gander into my life my resting heart rate has been reduced by more than 20 beats per minute, I’ve been able to stop taking a highly addictive anti-anxiety medication and my friends and my wife say that the positive changes in me are huge. It is like having had an emotional flu: not knowing just how bad you were feeling until you get well. None of us can remember what life was like before Gander who brings great joy and comfort to not just me, but everyone. Daily, I feel a debt of gratitude toward Freedom Service Dogs.

Lonnie, Military Veteran
with Gander, 2012 graduate

Proceeds Benefit Freedom Service Dogs

Operation Freedom, a program of Freedom Service Dogs, was developed to help veterans and military personnel with a disability regain their independence and return to their communities.

Freedom Service Dogs is unique in that they do not breed dogs. Instead, they are one of the few organizations in the U.S. to rescue abandoned dogs from shelters around the nation and custom train them to fit individual needs.

A Freedom Service Dog is a highly trained, gentle and constant helper. With unconditional love, they provide support as a veteran re-learns to walk. They can help get them out of bed and open doors. They keep strangers at a distance. They find keys and cell phones for vets with memory problems. Perhaps most importantly, they are always there in difficult moments and help break down the barriers of isolation and anxiety with their trusted companionship.
